*Seminar:*

Looking at Plants from Every Angle

- Joe Rothleutner (Tree & Shrub Breeder at The Morton Arboretum) presents 'Trees to Try', covering the growing side, from stature, color & problems.
- Terry Warriner Ryan (Jacobs/Ryan Associates partner) discusses the design aspects of using these plants, covering concerns about 'What goes with what?', 'Where I have used these plants/where I want to use them.'
- Roy Diblik (Northwind Perennial Farm) takes a whole new angle with the 'Social Behavior of Plants', plant texture, plant structure and plant color.

Enjoy guided tours of the nursery and walkabout self-guided tours of the garden
